

## INDEPENDENT ASSESSMENT VALIDATION

Under the Standards for RTOs, all RTOs must implement a validation plan. The requirements are very prescriptive regarding when, what, who and how validations must be conducted, and how the outcome will be used.

River Murray Training can assist your RTO with compliance with these requirements with our team of experienced assessment moderators.

Our consultants will review your validation process and assessment procedures, and report on your compliance with the Rules of Evidence and the Standards for RTOs.

### Benefits of Independent Validation

- Maintains a **compliant validation plan**.
- **Outsources an independent Lead Assessor**. Our consultants meet the requirements of Clause 1.11 regarding current knowledge and skills in vocational teaching and learning, and hold the training and assessment qualification required.
- **Assists with record keeping**, as our consultant completed the record keeping for the validation meeting, including reports of validation outcomes, participants' credentials and suggestions for continuous improvements.
- **Achieve validation goals**. Our consultants are experienced moderators that will manage the validation meeting, ensuring the schedule is completed according to plan.
